Requirements for Licensure

Students will be prepared to qualify for the state board examination for licensure in their field of study upon completion of the required hours and successful graduation of the program; however, the state of Michigan (as stated in section 339.1207 of Cosmetology Rules) has additional requirements for application for licensure including but not limited to:

- Good moral character (a history of criminal convictions could affect this criterion),
- 17 years or older.
- Cost is \$48.00 every two years.
- Instructor licenses require an active license in the field of concentration. Unlimited Instructors must have three years of field experience.

License Exam Requirements

Michigan's licensing division, LARA, has contracted with PSI Licensure: certification (PSI) to deliver its examinations. Once the course is completed and a student graduates, they go online to www.michigan.gov/mylicense and apply for a license. Once the student has been approved by LARA for testing, the candidate for Cosmetology, Esthetics or Manicuring licensure is responsible for contacting PSI to register and schedule an appointment to take the examinations. After the application is made, the graduate must mail in the completed PSI bulletin to schedule the practical exam. The cost is \$161.00 for both portions of the exam. After passing the practical exam, a date for their theory exam can be set with PSI. Once the graduate has passed, a photo i.d. license is issued that same day at the on-site testing facility. Instructor candidates only take a theory exam and the cost is \$91.00. Candidates can go to Grand Rapids or Southfield. Candidates for Instructor license do not receive a photo i.d. that day, but must make application with LARA to receive license in the mail.) Re-takes of either portion are \$91.00 per attempt.

All questions and requests for information pertaining to the examination should be directed to PSI. PSI licensure: certification

Required Identification at Examination Site: The student must provide one (1) form of identification. The identification must be a VALID form of government-issued identification (driver's license, state ID, passport), which bears their printed name, photograph, and date of birth. Identification provided must match the name provided by LARA, as registered with the State and School, to PSI upon eligibility. Training Philosophy

L'esprit Academy believes in staying current with this highly demanding and exciting industry; therefore, our curriculum is constantly changing to reflect the needs of the student, client and demands of the industry. Partnering with the industry leaders has been an Academy strategy to effectively deliver the best in industry education. L'esprit breaks down the training program into phases for efficiency in our staff schedules and best implementation of a dynamic curriculum. Students will receive training from multiple educators, not just one instructor.

- Phase One is the fundamentals and pre-clinic hours.
- Phase Two is the entry into clinic life, and continued skill building.
- Phase Three is skill refinement, speed and accuracy and career readiness.
- Phase Four is the mock board preparation before graduation.

Consumer Data, Compensation & Physical Demands

Cosmetology (CIP Code: 12.0401)— JOB DEMAND

According to the BLS, there were 663,300 hair stylists, hairdressers and cosmetologists in the United States in 2012 (www.bls.gov).

- A State license is required for barbers, cosmetologists, and most other personal appearance workers, although qualifications vary by State.
- About 44 percent of workers are self-employed; many also work flexible schedules.

PHYSICAL DEMANDS:

Cosmetologists remain upright mostly throughout the day. They walk or stand while performing most operations. The upper body is utilized 100%. Individuals who have problems with their neck, back, arms, hands, wrists, or fingers need to consider their physical handicap(s) before they decide on a career in this field.

SAFETY DEMANDS:

Almost all hair care and beauty professionals on the job encounter health and safety hazards. Students will be exposed to chemicals, hazardous or not, which are found in shampoos and conditioners, hair colorings, hair bleaches, chemical hair relaxers, permanent wave solutions, and nails products. Certain tools such as thermal irons, hair dryers, manicure instruments, razors, and scissors may cause skin cut, skin burn, and/or electric shock, if proper precautions are not taken into consideration.

Nail Technology (CIP Code: 12.0410)— JOB DEMAND

- A State license is required for barbers, cosmetologists, and most other personal appearance workers, although qualifications vary by State.
- About 27 percent of workers are self-employed; many also work flexible schedules.

PHYSICAL AND SAFETY DEMANDS:

Manicurists mainly use their hands for their manicuring and pedicuring procedures. Their upper body is mainly used that individuals having problems with their neck, back, arms, hands, etc. need to consider their condition before deciding on a career in this field. Manicurists will be exposed to hazardous chemicals, which are found in nail polish, nail polish remover, cuticle solvents, etc. You will also be exposed to manicure instruments, such as clippers, nipper, file, and etc. that can cause injury to a client or yourself if not used properly.

Physical Demands: Consist of sitting for long periods and consistent long term use of arms and hands.

Safety Requirements: Consist of the ability to read and follow manufactures' directions for all chemicals and products used. Prolonged exposure to some nail chemicals may cause irritations, so protective clothing may be needed.

Esthetics (CIP Code: 12.0409)—JOB DEMAND

According to the BLS, there were 44,400 estheticians in the United States in 2012 (www.bls.gov).

- A State license is required for barbers, cosmetologists, and most other personal appearance workers, although qualifications vary by State.
- About 27 percent of workers are self-employed; many also work flexible schedules.

PHYSICAL AND SAFETY DEMANDS:

SAFETY REQUIREMENTS OF THE PROFESSION

Estheticians may wear lab coats and gloves in their work. They use chemical and herbal preparations and must not be allergic to them. They must be knowledgeable about disinfection and safety procedures for the protection of operators and clients. Certain safety requirements must be followed for the safety of all. Inflamed, infected, broken or swollen skins should not be worked upon. Infectious diseases must be kept out of the salon/school. When using chemicals, gloves, protective eyewear, and/or protective clothing should be considered. All OSHA laws must be observed.

Estheticians mainly use their hands for facial manipulations and stand on their legs and feet throughout their work schedules. The upper body is used most of the time so that most individuals having problems with their neck, back, arms, or hands need to consider their condition before deciding on a career in this field.

Estheticians will also be exposed to hazardous chemicals, which are found in lotions, facial cream, make-up, etc. You will utilize also electrical apparatus, including dermal lights, capable of producing electrical current to stimulate but not contract muscles of body and face.

Instructor(CIP Code: 12.0413) —JOB DEMAND

PHYSICAL DEMANDS: Instructors typically work in clean, pleasant surroundings with good lighting and ventilation. Longer hours are common in this occupation, and schedules may include evenings and weekends or before holidays. Specific tasks include: preparing lesson plans, teaching classes, meeting with students during office hours, grading, recording and submitting grades, and attending staff meetings

SAFETY REQUIREMENTS: Must be able to read and follow manufacturers' instructions for all chemicals and products used. Must be aware of possible hazards while using electricity. Certain safety requirements must be followed for the safety of all. The instructor at a school is responsible for instructing students on these requirements.

EMPLOYMENT POTENTIAL: The employment outlook depends on a wide variety of factors, including: trends and events affecting overall employment, location, employment turnover, occupational growth, etc. Jobs for adult education teachers are expected to grow 9%, as fast as average, through 2022.

Program Outline—Instructor 500 Hours

DESCRIPTION: The primary purpose of the instructor course is to train the student in the basic teaching skills, educational judgments, proper work habits, and desirable attitudes necessary to pass the state board examination and for competency in entry-level employment as an instructor or a related position.

OBJECTIVES: Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self-confidence.
2. Practice a proper grooming and effective communication skills and visual poise.
3. Understand employer-employee relationships and respect the need to deliver worthy service for value received.
4. Perform the basic skills necessary for teaching, including writing lesson plans, performing lectures and demonstrations, directing student projects, using library resources and audiovisual aids, conducting theory class instruction and measuring student achievement, supervising clinic operations, and maintaining required student records.
5. Apply the theory, technical information, and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to techniques, communication skills, and teaching methodologies to improve teaching skills.

GRADING PROCEDURES: Students are assigned theory study and a minimum number of practical experiences. Theory is evaluated after each unit of study. Practical performance is evaluated as assigned and counted toward program completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills performance evaluations using detailed criteria will be conducted during the program of study and rated on a 100% scale. Students must maintain a theory grade average of 80% and pass a final written and teacher performance evaluation prior to graduation. Students must make up missed or incomplete assignments.

Physical, Learning Disabilities & Special Advising

Our instruction staff is trained to handle a dynamic curriculum for students with many different learning styles. It is important to speak with an instructor about documented learning disabilities. We will make a reasonable effort to accommodate particular students; however, we are not certified in special needs teaching. It is the student's responsibility to reach out for academic help as needed. After practical and theory evaluations, faculty will work with students who need assistance in either area and create a mutually agreed upon Success Plan. The schools do not maintain special facilities directly related to physically disabled students; however, reasonable accommodations will be made, by the school, for individuals who request accommodations in writing. The school has the right to determine whether an accommodation is reasonable. The school also has a right to request medical documentation for the accommodation. Any qualified individual with a disability requesting an accommodation should follow this procedure:

1. Notify the General Manager in writing of the type of accommodation needed, date needed, documentation of the nature and extent of the disability, and of the need for the accommodation. The request should be made at least four weeks in advance of the date needed. You may contact the General Manager by phone at 734-762-0200 or email: info@lespritacademy.com
2. L'esprit Academy will respond within two weeks of receiving the request.

Grading

Students are evaluated in theoretical performance by means of a written exam. A written exam follows each unit of theory study. Students are evaluated in practical skill development throughout the entire course of study based on criteria that are converted into a yes or no answer to a practical task, total number of yes answers is divided by the total number of questions, then each student receives a percentage score. Failure or zero score might result in the student being required to repeat a rotation. The clinic floor work (labs or MPA's) is not factored into the GPA. The following grading scale is used at our school:

80% - 100%	Passing
79% and below	Failure

Practical/Academic Grading Criteria

L'esprit Academy utilizes practical grading system based on a yes or no answer to a practical task, total number of yes answers is divided by the total number of questions, then each student receives a percentage score. Theory exams are scored on the number of correct answers divided by the number of questions. Grades are given for written exams and practical evaluations. A grade of Zero (0) will be assigned when an excused illness, emergency or unusual circumstances beyond the student's control prevent the student from completing the assignments in the rotation and or examination(s) prior to the end of their program. A student will be given the opportunity to remove the grade of "0" if the assignment is missed. It is the students' responsibility to see all work has been completed and made up. Students should record their test scores in their personal notebook. Retake exams can earn no more than 80%.

Progress Reports & Transcripts

- You will receive a monthly progress report of your academic achievements, hours and MPAs. You have three (3) business days to review and dispute any discrepancies. Once the three days have passed, the reports will be submitted to the state and school for official record and cannot be changed.
- Students who transfer, drop or have been terminated from a program will be given their transcripts upon request once all financial obligations have been paid to the Academy.
- A transcript request form must be completed and turned into administrative offices if an additional request is made. The school will process the request within 5 business days from receipt. Third parties requesting transcripts and records must follow the FERPA rules and are subject to additional fees for shipping and administrative costs.
- Student requests for copies of documents in an individual's file must be in writing and is subject to copy fees. Students have free access to review individual files (see Access Rights under FERPA below).

Privacy & Access Policies (also see our FERPA guidelines posted)

Privacy of Student Information (FERPA rules)

The Family Educational Rights and Privacy Act (FERPA) sets limits on the disclosure of personally identifiable information from school records, and defines the rights of the student to review the records and request a change to the records. With exceptions such as those noted in this section, FERPA generally gives postsecondary students the right:

- To review their education records,

- To seek to amend inaccurate information in their records, and
- To provide consent for the disclosure of their records.

These rules apply to all education records the school keeps, including admissions records (only if the student is admitted) and academic records as well as any financial aid records pertaining to the student. Therefore, the financial aid office is not usually the office that develops the school's FERPA policy or the notification to students and parents, although it may have some input.

Access Rights: The school will provide any student and parents/guardians of dependent minors the opportunity to review the student's educational records, and to seek correction of any inaccurate information contained within. Parents of students under 18 and emancipated do not have access rights to files or information. To review your file, you must speak with a school administrator. The school will provide access and opportunity to review files within 45 days of receipt of a request. Although the school will not charge a fee for access to the records, it will however charge a nominal fee for copies of the records.

Release of Information to a Third Party: The school will not disclose information from any student record to unauthorized persons without the signed written consent of the student or the student's parent or legal guardian if the student is a dependent minor. This policy relates to all information, which is personally identifiable and may not be altered without the signed written permission of the student. Student records are safeguarded in fire-resistance file cabinets. Exceptions include records under subpoena as required by law, the accrediting body for accreditation purposes, a response to a directive by the Commission, and designated staff members. Before publishing "directory information" for either the student or guardian such as student's name, address, e-mail and phone number of student, date and place of birth, field of study, graduation date, honors and awards, dates of attendance, previous school attended, and/or date of graduation from previous school, allow the student or guardian to deny authority to publish one or more of these items. We will also allow you the right to refuse our using your image in publications, website and any other media events.

Student Contact Information

Academy students are required to keep the contact information on file with the school current and accurate (name, address, email and phone numbers, including emergency contacts). The school must be notified in writing of all changes, and name changes require legal documentation/proof of the adjustment.

Schedule or Campus Change Request

Any student wishing to change schedules or campuses must submit the request in writing to the administrative offices. The request can take up to two weeks to be approved or denied based on student academic progress, current enrollments and space availability in the classroom and/or clinic. There is a fee associated with approved changes based on the administrative time to process the request.

Student Advising, Guidance & Counseling

Each assessment offers students the opportunity to gauge their academic progress. Educators will create a mutually agreed upon Success Plan for students needed support. If counseling is needed in areas other than academics, including, but not limited to physical and mental health, welfare, or financial areas, the student will be directed to our crisis hotline information and guided to the appropriate support systems. See the Annual Security Report for additional details and policies/procedures.

Student Participation & Safety

We follow the industry standard Milady's curriculum and all state and federal requirements. One of the distinguishing factors in the L'esprit curriculum is the partnership with industry titans; Wella, American Crew, Hattori Hanzo shears, Dermalogica, Kryolan and CND as well as special hands on and demo instruction from current platform artists, as well as classes in basic business procedures, standards, and industry insights from our Nuts and Bolts Business Training Program. As a student, you will be required to participate in building your clientele and recruit models as part of the course of study. A student must be in good overall physical health to

endure the regular training curriculum and a verbal and written understanding of the English language. L'esprit Academy distributes school information, teaches and tests only in English.

Safety (particularly in the areas of sanitation and sterilization) is important and is part of the practical curriculum. Students are not only in touch-contact with clients but do so in a manner which involves the use of sharp/pointed tools and implements, chemical solutions, heat, light and electricity. Students must be aware constantly of safety as it relates to the client. The use of proper sanitation is required to avoid the transmission of disease, and services involving chemicals and/or the application of heat demand constant vigilance. Daily sanitation and cleaning are required of each student. Any injury to a client, student or staff member on the property (inside or outside of the facility) should be reported immediately to a staff member. An Incident Report must be completed and filed by staff member and people involved as applicable. Health conditions of a client that warrant suspension or denial of a service must be done in consultation with an instructor and documented in the client file and in an Incident Report.

Per federal regulation, each year, L'esprit Academy will hold an educational program commemorating the September 17, 1787 signing of the U.S. Constitution. This event will be documented and done on or before September 17th.

Rights Reserved

L'esprit Academy reserves the right to dismiss, at any time, any student who does not meet the school's standards of conduct and performance. Discipline includes verbal reprimands, in-house and off site suspension and termination. The above policies are comprehensive but not necessarily complete. Specific information on various procedures and functions within the school are provided during training sessions and may change periodically. L'esprit Academy reserves the right to make changes to any of the policies, at any time, solely at its own discretion while maintaining compliance with NACCAS and the U.S. Department of Education.

For safety and security of the school and work environment, L'esprit Academy reserves the right to conduct random inspection of any property on the Academy premises, including but not limited to: carts, lockers, bags, purses, coats, cars, and other storage containers. If any property is locked, the Academy has the right to gain access to the item or have the lock removed in order to conduct the inspection.

Admissions Policies

Admission Requirements

L'esprit Academy follows Michigan State Board regulations. Students must be 17 years old and have a high school diploma, GED, or home schooling certification which will be verified by Academy officials and subject to Department of Education approval or denial. Student must have a valid and current license for any instructor program. *L'esprit Academy* distributes school information, teaches and tests only in English. Foreign Diplomas or Transcripts must be translated and evaluated from a recognized agency. *L'esprit* does not admit ability-to-benefit students.

Non-Discrimination & Non-Recruitment Policy

L'esprit Academy is a private beauty school and may refuse admission to an applicant for any reason not protected by state or federal law. We will not recruit students enrolled in another cosmetology course. A person registering at an *L'esprit Academy* cannot be enrolled in any other cosmetology course. *L'esprit Academy* does not discriminate on the basis of sex, age, race, color, sexual orientation, religion or ethnic origin. We have students, instructors, staff and owners of both genders and cannot guarantee complete privacy (for religious reasons). We do not recruit students already attending or admitted to another school offering a similar program of study.

Vaccination & General Health Policy

L'esprit Academy does not require proof you have received any vaccinations as part of our admission requirements; however, we recommend you speak with your primary care physician regarding recommended vaccinations for persons working in close proximity to the general public. Always seek the advice of a physician if you are concerned about any health condition or issue and working in the industry. If you have severe food or other allergies, you need to complete the Background Information form with the information and have an Epi-pen in the facility at all times.

Transfer & Crossover Hours Students

We happily accept transfer students. There will be a \$250 (minimum) entry exam requirement. Transferees will be charged a fee per exam (both practical and theory) in order to properly assess entry level. Tuition will be calculated on a pro-rated basis after skill and knowledge assessment is determined. An Affidavit of Hours (from the State) and an official transcript from previous school must be provided before the transferee is assessed. We do not accept hours more than three years old. A "crossover" student may be granted hours toward completion of cosmetology program if the student provides proof of successful completion in a licensed school of an esthetics program (maximum of 115 hours will be applied) or a manicuring program (maximum of 70 hours will be applied). A pro-rated assessment of practical applications needed for graduation will also be determined at the time of enrollment.

Transferability of Hours

All higher institutions reserve the right to determine which hours they will accept from another institution. The transferability of hours you earn at *L'esprit* is at the complete discretion of the institution to which you transfer. If the hours that you earn at *L'esprit* are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your course.

Re-admission

To be eligible for readmission to the most recent *L'esprit* campus the student attended, the student must meet the following readmission requirements:

- Meet all Admission requirements.
- Be current on any outstanding debts with the School or make satisfactory payment arrangements with the Business Office. Previous balances owed may be applied to the new agreement balance.
- Prior clocked hours may be evaluated prior to readmission and may or may not be approved.

Under certain conditions, including military withdrawals supported by written certifiable documentation, you may be eligible for readmission without incurring an additional Registration Fee. Approval for readmission is determined by the Appeals Board and is based on education, schedule and space availability. *L'esprit* reserves the right to deny readmission following termination or withdrawal for any reason. If readmission approval is granted, the applicant may be required to submit a new Registration Fee (if applicable), sign a new Enrollment Agreement and pay additional tuition, books, supplies and equipment costs (if applicable). If a student withdraws and has been charged 100% of their Agreement price, a student in good standing (financial, academic and behavioral) may be eligible to return to the course without any additional tuition costs. If a student withdraws and has been charged less than 100% of their agreement, the student may be eligible to return to the course, and may incur additional tuition costs. This policy does not apply to *L'esprit Academy* seeking a transfer to another campus or a change in enrolled course. In this case, student

will be considered a new applicant requesting transfer of prior hours. The Business Office can explain the financial implications of transferring, based on your individual circumstances. L'esprit Academy reserves the right to deny a transfer request for any reason including, but not limited to attendance, behavior or academic performance. A student can file a written appeal following the same appeals procedure as SAP. Per Federal regulation, a student who has re-enrolled once and has exceeded Maximum Time Frame and has been dropped cannot re-enroll in the same institution even as a cash pay student.

Financial Policies

Financial Aid & Planning Office

L'esprit is proud to offer Federal Student Aid for those who qualify. Our advisors can guide you to private financial assistance as well. Our office hours vary by campus, but are available during the day, evening and Saturdays. Some Federal and State programs may be available to you such as VA, Michigan Works and Michigan Rehab. We also accept cash, checks, Visa & MasterCard, American Express, TFC Tuition Financing and a payment plan schedule. **L'esprit Academy** is approved as an eligible institution by the U. S. Department of Education to participate in Title IV grant and loan programs. Our school codes (<http://www.fafsa.ed.gov/>) are the same for both locations:

- **Livonia (main campus)—041584**
- **Royal Oak (branch campus)—041584**

The packaging of financial assistance is determined according to guidelines set by the US Department of Education. A variety of programs are available for students qualifying for assistance:

Federal Grants: Federal Pell Grant: Intended to be the basis of the financial aid package and may be combined with other aid to meet the full cost of attendance. The Federal Pell Grant is a need based aid program in which an eligible recipient does not have to repay the funds received. Federal Student Educational Opportunity Grant (SEOG): An additional grant available only to Pell eligible students who meet the schools predetermined criteria. 75% of the award is contributed by the Federal Government and the other 25% is contributed by the school. **L'esprit Academy does not offer this SEOG grant at this time.**

Federal Direct Loan Program: These are low interest loans for undergraduate and graduate students that are made available through the Federal Government. This program includes the Federal Subsidized Stafford, Federal Unsubsidized Stafford and Federal Parent Plus loans. There are grade level progressions and loan limits used for the administration of these loans.

Federal Direct Subsidized Stafford Loan: This is a need-based-loan for which the Federal government subsidizes the interest until repayment begins and during any period of deferment. This is a loan and recipients must begin making payments at the end of their six-month grace period. **Federal Direct Unsubsidized Stafford Loan:** This is a non-need-based loan for which the Federal Government does not pay the interest subsidy. Interest accrues after disbursement. The recipient has the option to pay the interest or to defer payment of the interest for the grace period. This is known as capitalization. **Federal Direct Parent Plus Loan:** This loan is available to parents of dependent undergraduate students to help pay for the cost of the dependent's education. Borrowers of PLUS Loans are required to undergo a credit check by the lending institution. The definition of a "parent" for PLUS Loan eligibility is a student's biological or adoptive parent or step-parent.

Verification

Students selected by the U.S. Department of Education for the process of verification are frequently required to submit additional information and/or parents' financial & household information to the finance office. The verification procedures will be conducted as follows:

1. When selected by the U.S. Department of Education for the process of verification, the student must submit all required documentation to the finance office within 14 days from the date the student is notified that the additional documentation is needed for this process.
2. If the student does not provide all of the required documentation within the 14 day time frame, the student will be required to make other payment arrangements until the documentation is received and the student's eligibility for federal student aid has been established.
3. The finance office reserves the right to make exceptions to the policy stated above on a case by case basis for extenuating circumstances.
4. If any of the student's information is found to be incorrect, the school's Third Party Processor will electronically process the correction or the school will notify the student to correct through his/her FAFSA.
5. The finance office will notify the student of any changes to their financial aid award resulting from corrections made due to the verification process. An adjustment will be made to the student's financial aid award as required by federal regulations and an addendum to the existing award letter or a new award letter will be issued.
6. Department of Education regulations (34 CFR 668.16(g)) require schools to refer to the Department's Office of Inspector General any credible information indicating that an applicant for Title IV aid may have engaged in fraud or other criminal misconduct in connection with his or her application. The school will report any suspected fraud to OIG at 1-800-MISUSED.

The cancellation date will be determined by the postmark of written notification or the date the cancellation notice is delivered to the School administrator/owner in person. This policy applies regardless of whether or not the student has started training.
3. If a student cancels his/her enrollment more than three (3) business days after signing, but prior to entering classes, he/she shall be entitled to a refund of all monies paid to the School, less a non-refundable application fee of \$50.00.
4. All refunds are based on scheduled hours. For students who enroll in and begin classes, but withdraw or are expelled prior to course completion, the following schedule of tuition earned by the school applies:

Percentage of time enrolled to total time of course	Amount of total tuition owed or retained by School
.01% to 4.9%	20%
5% to 9.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50 % and over	100%

5. Enrollment time is defined as the scheduled time elapsed from the student's actual start date and the last date of actual physical attendance. Any monies due to the applicant or student shall be refunded within forty-five (45) days of formal

cancellation by the student, or formal termination by the school, or in the case of a LOA, the documented date of return or notification of intention not to return, whichever is earlier.

6. Any monies due a student who unofficially withdraws from the school shall be refunded within 45 days of a determination by the school that the student has withdrawn without notifying the school. To determine unofficial withdrawals, the school monitors student attendance at a minimum of once a month (every 30 days). Students who are not in school for 14 consecutive days will be dropped. Withdrawal Date is always the last day of physical attendance (LDA) and Date of Determination as the day notified or 14 days after LDA.
7. In situations of serious illness, disabling accident, death in the immediate family, or other circumstances beyond the control of the student, the School will make a settlement which is reasonable and fair to both parties.
8. All extra costs, such as books, kit, equipment, registration fees, drop fee, uniforms, rentals, and other such charges are not considered in tuition adjustment compensation. These items become the property of the student when issued and are non-refundable.
9. Pursuant to the Code of Federal Regulations, 34 CFR Section 668.22 of the Higher Education Act 484B, Return of Title IV Funds, the School must calculate the amount of Title IV funds the Student has earned at the time of withdrawal or termination from the School. R2T4 calculations are performed by a Third Party Processor and will follow all required Federal regulations.
10. If a course is cancelled subsequent to student's enrollment, the school shall, at its option: provide a full-refund of all monies paid or provide completion of the course.
11. If a school cancels a course and/or program and ceases to offer instruction after students have enrolled and instruction has begun, the school shall at its option:
 - Provide a pro-rata refund for all students transferring to another school based on the hours accepted by the receiving school; or
 - Provide the completion of the course and/or program; or
 - Participate in a Teach-Out Agreement; or
 - Provide a full refund of all monies paid.
12. If the school closes permanently and no longer offers instruction after a student has enrolled, the school will provide a pro-rata refund of tuition.
13. Any refunds due the student will not be disbursed prior to completion of the course by student.

Treatment of Title IV Aid When a Student Withdraws (R2T4)

The law specifies how L'esprit Academy must determine the amount of Title IV program assistance that a student earns if he/she withdraws from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Stafford Loans, and PLUS Loans.

When you withdraw during a payment period or period of enrollment, the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. The school is required by Federal Regulations to determine the earned and unearned Title IV aid a student has earned as of the date the student ceased attendance (either an official or unofficial withdrawal) based on the amount of time the student was scheduled to be in attendance. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you. The school is required to return any unearned Title IV funds, it is responsible for, within 45 days of the date the school determined the student withdrew (last date of physical attendance), and offer any post-withdrawal disbursement within 30 days of the date the school determined the student withdrew.

The amount of assistance that you have earned is determined on a prorata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a Post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your Post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school). The school needs your permission to use the Post-withdrawal grant disbursement for all other school charges. If you do not give your permission (some schools ask for this when you enroll), you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There are some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the

first 30 days of your program before you withdraw, you will not receive any Direct Loan funds that you would have received had you remained enrolled past the 30th day. If you receive (or your school or parent receives on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

1. Your institutional charges multiplied by the unearned percentage of your funds, or
2. The entire amount of excess funds.

The school must return this amount even if it didn't keep this amount of your Title IV program funds. If your school is not required to return all of the excess funds, you must return the remaining amount. Any loan funds that you must return, you (or your parent for a PLUS loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time. Any amount of unearned grant funds that you must return is called an *overpayment*. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You do not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The school must return Title IV funds to the programs from which the student received aid during the payment period as applicable, in the following order, up to the amount disbursed from each source:

1. Unsubsidized Direct Federal loans (other than PLUS loans)
2. Subsidized Direct Federal loans
3. Direct Plus loans
4. Federal Pell Grants (if returned funds is required)
5. FSEOG (Federal Supplemental Educational Opportunity Grant)

The requirements for Title IV program funds when you withdraw are separate from any refund policy that the school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. The school may also charge you for any Title IV program funds that the school was required to return. A copy of the school's refund policy is contained in the School Catalog. See the withdrawal policy in this catalog for the official procedure.

L'esprit uses four payment periods for the Cosmetology Program and two for Esthetics. PP2, 3 & 4 is cancelled on the student's start date. PP2 is added when a cosmetology student reaches 450 hours, PP3 at 900, PP4 at 1200. For esthetics, PP2 is added when student reaches 300 hours.

Attendance Policy

Attendance

Attendance Progress/Maximum Time Frame

All students must maintain a minimum 85% rate of attendance of the hours possible and complete the course in 118% of the course length (the maximum time frame). What this means is if you are contracted to come to school 35 hours per week, you must at least attend and average of 29.75 hours per week cumulatively in order to be considered in satisfactory progress. A leave of absence will extend the student's contract period and maximum time frame by the same number of days in the leave of absence. Students will return to the school in the same status at which they departed. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Leaves of Absence

A student returning from a leave of absence or other official interruption of training must return to the school in the same satisfactory or unsatisfactory progress status as prior to the leave. A leave of absence will extend the student's contract period and maximum time frame by the same number of days in the leave of absence. LOA's must be approved by a Manager or School Official under the following conditions: a) the request must be submitted in writing, specifying the reason for the LOA, b) total days of LOA's will be a minimum of 15 days and a maximum of 180 calendar days in any 12 month period, c) a student's contract will be extended out by the same number of days of the leave, d) no more than two leaves of absence during enrollment. Extending a leave is considered an additional LOA, e) no LOA's will be granted during the first 90 days of a student's enrollment. Review of an LOA request can take up to five calendar days. If a student does not return from a LOA, the last day of attendance will be considered the termination. Not returning from a LOA will affect your grace period for the repayment of loans. A student returning from LOA will be placed in the module deemed most appropriate by staff.

Course Incompletes, Repetitions, Non-Credit Remedial Courses

Course incompletes, repetitions and non-credit remedial courses do not apply to this institution; therefore, they have no effect on progress at this school.

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Absences, Leaves & Withdrawal

To be a successful student you must attend regularly scheduled classes. All absences need to be authorized by a school staff official. Self-discipline in work habits create successful professionals, so it is recommended that students attend for all scheduled hours in their entirety.

- We require an 85% rate of attendance ($\text{Student's Actual Hours Attended} \div \text{Scheduled Hours} = \text{Cumulative \% of Attendance}$) in order for you to be in satisfactory progress (see separate policy). You are expected to be punctual and ready for school. Being on time means that you are in your assigned class and ready at the start time.
- Students are allowed a 30 minute late window from the start time and still be allowed to attend for the day. This is a courtesy given to allow for emergencies or unforeseen delays in a student's life. ***Arriving late takes away from scheduled time.*** Class is scheduled so that students can stay on track for their planned curriculum and rotation.
- If you are unable to attend school, you must contact the school (734-762-0200 for Livonia, or 248-266-8888 for Royal Oak) prior to your scheduled start time. Failure to call in prior is considered an unexcused absence. L'esprit will attempt to contact the student that day, including calling the emergency contact that's been authorized.
- ***Unexcused Absence:*** An absence is considered unexcused if the school has not been notified prior to the designated start time, leaving school before the designated leave time, not being in class when scheduled and/or being unavailable for scheduled appointments. Unexcused absences are unacceptable. The first through third unexcused absence will result in a written warning. The fourth is a one week in school suspension. The fifth unexcused absence will result in termination. Any make-up work/tests must be arranged with your individual instructor. A student can erase an unexcused absence by having four weeks consecutive perfect attendance. Write ups for unexcused absences are treated separately from other disciplinary write ups.
- Any planned absence should be submitted to your instructor ahead of time. The school retains the right to make attendance mandatory for all school events, competitions, guest speaker, special assemblies, etc. Failure to attend may result in an unexcused absence.
- Saturday attendance is mandatory unless prior arrangements have been made.

- Leave of Absence:** An authorized leave of absence (LOA) is temporary interruption in student's program of study. A student returning from a leave of absence or other official interruption of training must return to the school in the same satisfactory or unsatisfactory progress status as prior to the leave. A leave of absence will extend the student's contract period and maximum time frame by the same number of days in the leave of absence. An LOA request must be submitted in advance to the Manager or School Official before being approved, unless unforeseen circumstances prevent a student from doing so, under the following conditions: **a) the request must be submitted in writing, specifying the reason for the LOA, b) total days of LOA's will be a minimum of 15 days and a maximum of 180 calendar days in any 12 month period (returning on the first Monday or Tuesday of the month after the completion of the minimum 15 days), c) a student's contract will be extended out by the same number of days of the leave, d) no more than two leaves of absence during enrollment. Extending a leave is considered an additional LOA, e) no leaves will be granted within the first 90 days of a student's enrollment.** Review of an LOA request can take up to five calendar days, and can be denied. If a student does not return from a LOA, the last day of attendance will be considered the termination. Not returning from a LOA will affect your grace period for the repayment of Title IV loans. A student returning from LOA will be placed in the module deemed most appropriate by staff.
- Any request must be written explaining reason for leave, dated and signed. Students must be current with their payments and contract and approved through a Third Party Processor before taking time off.
- If you are not in school for fourteen (14) consecutive calendar days you will be dropped. If you choose to withdraw from school, you must submit in writing with the Manager or School Official, signed and dated and proceed with exit checklist.
- All withdrawal information will be given to the student either in person or via U.S. Mail and will include a notice on the Exit Counseling requirement set forth by the Department of Education (if the student has not completed Exit Counseling with the school.)
- Any property left here at the school beyond ten (10) consecutive calendar days of an official or unofficial withdrawal will become the property of L'esprit Academy.

Student Policies

Orientation

Students will receive an orientation to the Academy and the policies on the first day of attendance. A full review of student daily procedures will be conducted; emergency procedures, communication methods, VAWA and security measures, question and answer sessions, student fellowship, and teambuilding by class are some of the activities that might be included to assist in the orientation process. Any students who are absent for these sessions will be given an opportunity to have small group reviews as soon as possible.

If a student cannot stay awake and alert while clocked in, an instructor will ask the student to clock out and leave for the day to avoid any safety issue. It is impossible to deliver a contracted curriculum to a student who is asleep.
- A student who is emotionally unbalanced, unstable, or unprepared to learn should not be clocked in and should only return when able to learn in an alert and engaged state. It is distracting to other students and is hazardous to the work environment.

Lunch is 12:00-12:30, unless otherwise scheduled by staff. Break times for the day schedule is from 10-10:15 and 3-3:15. Exception to the rule is if the lunch break overlaps a client service. Speak with an instructor regarding evening hours break times. Please coordinate with the front desk and your instructor to arrange your lunch for an alternate time. Another exception is if your instructor sends you on a break at an alternate time. You are not allowed to take a break whenever you choose. Students are the Academy's responsibility while in the building, this practice of staying on task and on time are important skills to build in the industry.

Theft

Suspected theft of any information or property will be investigated seriously and completely and personal items in the Academy and on the Academy campus will be subject to search. The instructor must sign off on the completion of the service before the client is checked out. Not following any part of this procedure is subject to a write up and/or fine.
- Inappropriate comments, gestures or threats by a client should be immediately brought to a staff member.
- Students are expected to complete a service within the recommended allotted timeframe.
- Students should refrain from having discussions with another student who is working on a client. The client deserves a technician's undivided attention.
- For safety reasons, only professional products provided by the school are to be used on a client, with the exception of a physician's prescription.
- Appointments are not to be changed or exchanged without an instructor's permission.
- Adjustments made to a haircut that was done at the Academy are always free of charge to the client. L'esprit Academy is a learning facility and we will make up to three adjustments to a client's color service for a minimal product charge (\$5 per bowl). Any client who calls and wants an adjustment should be reminded of the policy and an appointment booked right away. An assessment of the hair will be made when the client comes back into the facility.

Anti-Bullying & Harassment

L'esprit Academy models the Michigan State Board of Education Anti-Bullying policy. We consider bullying or harassment as a gesture or written, verbal, graphic or physical act (including electronically transmitted acts) that is reasonably perceived as being motivated either by an actual or perceived characteristic, such as race, color, religion, ancestry, gender, sexual orientation, gender identity or expression, or disability which interferes with educational opportunities or adversely affects the student's ability to participate in school or associated events. As stated in our policy on Academy Decorum, the school expects everyone to demonstrate positive behavior. Alleged bullying should be brought to the immediate attention of Academy staff. Appropriate measures will be taken to ensure a safe, creative environment for everyone in the school and disciplinary action will result if required. An Incident Report must be completed and filed. Discipline for breaches in policy by students is not considered harassment by the school; however, an enforcement of the agreement.

Sexual Harassment

Sexual harassment is unlawful and prohibited under state and federal laws. If harassment is suspected, management should be notified immediately so the facts can be investigated thoroughly. Appropriate corrective action will be taken up to and including dismissal of student and/or employee. See Annual Security Report and Title IX and Violence Against Women Act (VAWA) Policy on the website for more details.

Campus Crime & Security Policy

L'esprit Academy will report any known crime on campus. The school will provide students with a report on campus crime each year, per Department of Education regulations and posts the findings. See the latest Annual Security Report for statistics on the school website.

Discipline & Consequences

- Discipline for breaches in the any of the academy policies may result in:
 - Verbal warning as a reminder of policy.
 - Written warnings for first offense through third offense.
 - Fourth offense will result in a one week suspension.
 - Fifth offense will result in termination from the school. Offenses do not have to be for the same type of violation; however, attendance write ups are treated separately.
- Discipline matters are confidential and will only be discussed with the student and staff and will not include a parent, friend or family member (unless student is a dependent minor). Offenses will be documented and discussed with an instructor, student and another staff member. Discussions amongst students and staff outside of the original disciplinary meeting will result in an additional write up.
- Discipline is subject to the institution's discretion based on reasonable and fair judgment of offense and student's overall performance. Decisions can be influenced by honesty, remorse, and proactive solutions by the student. Benefits become inactive during suspensions; in-house suspensions will also temporarily eliminate access to special events, make-up hours, and contests.
- Instructors will work with staff to implement discipline. For serious or repeat concerns, or for a third offense or higher, there will be more than one staff member in the meeting with student. Disciplinary action for any offense include, but are not limited to; verbal warning, write up, counseling, dismissal for the remainder of the day, suspension and expulsion.
- If counseling is needed in areas other than academics, including, but not limited to physical and mental health, welfare, or financial areas, the student will be directed to our crisis hotline information and guided to the appropriate support systems.
- As a matter of general policy, staff will not speak with parents about a student unless the student is a dependent minor. It is important that parents understand the rules and policies of the school if they are going to play an active role in a student's education; however, it is under the student's control whether the student wants to share their own behavior and experience with the parent. For example, staff will not be able to speak with parents over the phone when a student has been sent home for conduct or for being unprepared for class. If there is a significant concern about an adult student's development and progress at the academy, a strategy session appointment should be made with a school official, instructor, student and parents to discuss all possible variables for success.

Termination Policy

L'esprit will terminate a student's enrollment (drop) if not in school for 14 consecutive calendar days, breach in policy based on discipline procedures, or other gross negligence on behalf of the student. Other terminations can include failure to return from LOA, exceeding maximum time frame, or failure to reach minimum school standards in order to graduate. In compliance with NACCAS and Department of Education standards, L'esprit will perform all refund calculations and administer fees based on its institutional Withdrawal and Settlement Policy.

Kit, Books, Uniform & Supplies

You are expected to be prepared for each school day, including having writing implements and note paper. This includes wearing your uniform properly, having all kit materials in working order, books and state law manual available to you every day. If you are not prepared for the day, you can rent the appropriate items for a nominal fee or you will be sent home. Your uniform, kits, books and state law manual are your property. L'esprit Academy is not responsible for lost, stolen items, or broken items, and kit items are subject to change. Please contact administration immediately if your equipment fails prematurely. L'esprit Academy will have replacement items available for purchase. Students are not to decorate or modify their equipment. It can be a safety hazard, voids warranty, and looks unprofessional. Any of your items left in common areas may be confiscated by staff and reclaimed for a fee. State law manuals are available for replacement at \$10 each. Kit items and equipment are not to leave the premises each day. It is recommended that you keep items that you do not use on a daily basis in a locker. Lockers are available for all students (they are not required in Livonia but can be coordinated through the front desk).

Extra-Instructional Charges

Each program has been scheduled for completion within an allotted time frame. Absences beyond 5% of your total hours in your course will be charged at an hourly rate, including hours missed for disciplinary reasons. It is not realistic to expect to receive an education for free. The school has reserved space, equipment, and licensed instructors for each student and program. Missing five or more days in any rotation may result in repeating that module. Missing any class time in a Phase 2-4 module can result in having to repeat the module. You are allowed up to 5% absences of your total hours before you are charged the over-contract charge of \$12.00 per hour. You will begin to accrue over contract fees when you have reached your Contract End date and have not completed the program. L'esprit provides make-up time for missed hours, so speak with an educator to sign up.

Making-Up Missed Work

Any make-up work/tests must be arranged with your individual instructor and is required to plan in advance and with approval during any make-up hours.

Satisfactory Academic Progress Policy (SAP)

SAP will be based on the timely completion of course work with passing grades that receive 80% or above and minimum attendance of 85%. Satisfactory progress is defined as fulfilling what is expected of you as you move towards graduation. This policy is established, maintained and applied to all students enrolled at the school regardless of funding source (cash, scholarship, state grant, self-loan, Title IV, etc.) or program attending. All students must maintain an 80% cumulative academic rate and a minimum 85% cumulative rate of attendance to be considered in Satisfactory Academic Progress (SAP). Student's Actual Hours Attended ÷ Scheduled Hours = Cumulative % of Attendance. NOTE: Students receiving funds under any Federal Title IV financial aid program must maintain satisfactory progress in order to continue eligibility for such funds.

Maximum Time Frame

The maximum time (which does not exceed 118% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full time, 35 hrs/wk) 1500 Hours	51 Weeks	1770
Cosmetology (Part time, 16 hrs/wk) 1500 Hours	114 Weeks	1770
Esthetics (Full time, 35 hrs/wk) 600 Hours	21 Weeks	708
Esthetics (Part time, 16 hrs/wk) 600 Hours	49 Weeks	708
Manicuring 16 hrs/wk 400 Hours	30 Weeks	472
Instructor & Limited Instructor	(schedule dependent)	

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 85% of the scheduled contracted hours.

Evaluation Periods

Students are evaluated for Satisfactory Progress as follows:

Cosmetology: 450, 900, 1200, 1500 actual clocked hours

Esthetics: 300, 600 actual clocked hours

Transfer Students: Midpoint of the actual contracted hours or the established evaluation periods, whichever comes first.

Manicuring: 200, 400 actual clocked hours

Limited Instructor 300: 150, 300 actual clocked hours

Instructor 500: 250, 500 actual clocked hours

Determination of Progress/Warning/Probation

Students will be evaluated at least once at the midpoint of each academic year or the program, whichever occurs sooner, and prior to graduation for both satisfactory academic and attendance progress. Students meeting the minimum requirements for attendance and academic progress will be considered to be making satisfactory progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Progress Determination at the time of each of the evaluations. Students deemed not maintaining Satisfactory Progress may have their Title IV funding interrupted unless the student is on warning or has prevailed upon appeal resulting in a status of probation. Students must meet both the attendance (85%) and academic (80%) minimum requirements on at least one evaluation by the midpoint of an academic year or midpoint of the course, whichever comes first.

Warning Period

Students failing to meet minimum cumulative satisfactory progress requirements will be placed on warning until the next scheduled point of evaluation. During this warning period, students are considered to be making satisfactory progress and financial aid funds will be disbursed to eligible students. At the end of the warning period, the student's progress will be re-evaluated. If the student is meeting the minimum cumulative requirements, he/she will be determined as making satisfactory progress and warning will be lifted. If the student fails to meet minimum cumulative requirements at a second consecutive evaluation point, the student can appeal the negative determination of progress and be placed on probation. If appeal is granted, Title IV funds will be disbursed. If no appeal is submitted, the student will no longer be eligible for Title IV funds and will be converted to cash pay status.

Appeal Process

Students who fail to achieve minimum cumulative requirements after the warning period may appeal the negative progress determination at the beginning of the probationary period. Students on probation are still eligible for Title IV funds. The student must submit a written appeal to the school owner, along with any supporting documentation, reasons for why the determination should be reversed, such as death of a relative, an injury or illness of the student, or other allowable special circumstance. This

should also include what has changed about a student's situation that will allow them to make satisfactory progress, and a plan to meet minimum cumulative requirements by the end of probationary period. The school will determine if achieving SAP by the end of the next evaluation period is possible. This appeal must be received within five (5) business days of the determination. An appeal hearing will take place within five (5) days of receipt of the written appeal. This hearing will be attended by the student, parent/guardian (if the student is a dependent minor), the General Manager, Financial Aid/Business Office and the school owner (or appointed designee). A decision on the student's appeal will be made within five (5) business days and communicated to the student in writing. This decision is final and results filed in the student's academic folder.

Probation Period

Students failing to meet minimum cumulative satisfactory progress requirements will be placed on probation until the next scheduled point of evaluation, if their appeal request is approved. During this probation period, students are placed on an academic plan and must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic success plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. At the end of the probation period, the student's progress will be re-evaluated. If the student is meeting the minimum cumulative requirements, he/she will be determined as making satisfactory progress and probation will be lifted. If the student fails to meet minimum cumulative requirements at a second consecutive evaluation point, the student will no longer be eligible for Title IV funds and will be converted to cash pay status.

Re-Establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Noncredit, Remedial Courses, Repetitions

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

Grading

Students are evaluated in theoretical performance by means of a written exam. A written exam follows each unit of theory study. Students are evaluated in practical skill development throughout the entire course of study based on criteria that are converted into a yes or no answer to a practical task, total number of yes answers is divided by the total number of questions, then each student receives a percentage score. Failure or zero score might result in the student being required to repeat a rotation. The clinic floor work (labs or MPA's) is not factored into the GPA. The following grading scale is used at our school:

80% - 100%	Passing
79% and below	Failure

Practical/Academic Grading Criteria

L'esprit Academy utilizes practical grading system based on a yes or no answer to a practical task, total number of yes answers is divided by the total number of questions, and then each student receives a percentage score. Theory exams are scored on the number of correct answers divided by the number of questions. Grades are given for written exams and practical evaluations. A grade of Zero (0) will be assigned when an excused illness, emergency or unusual circumstances beyond the student's control prevent the student from completing the assignments in the rotation and or examination(s) prior to the end of their program. A student will be given the opportunity to remove the grade of "0" if the assignment is missed. It is the students' responsibility to see all work has been completed and made up. Students should record their test scores in their personal notebook. Retake exams can earn no more than 80%.

Financial Accountability

- Per your contract, you are required to remain current with your financial obligations to the school. If you owe money and have not paid by the deadline given, your attendance will be held in abeyance and you will be subject to over-contract charges.
- If you incur any over-contract charges throughout your time here at the Academy, they must be paid in full to receive your diploma or payment arrangements made through TFC in order to graduate.

- Financial matters will only be discussed with student, person or organization providing financial support, and staff and once appropriate privacy release form is signed.

Entrance & Exit Counseling

Before the school disburses Direct Loans (subsidized, unsubsidized, or Parent PLUS), regulations require that you complete an entrance counseling session. The counseling session provides information about how to manage your student loans, both during and after school, sample repayment terms, repayment schedules, and personal budgeting. This part of the process can be done with the Admissions Office, FA Office or online at studentloans.gov.

Important: Before you drop, withdraw, stop attending classes, or graduate, you must complete an exit counseling session. You should meet with the Financial Aid Advisor to review the effect that dropping or withdrawing will have on your eligibility for financial aid or any balances due as well as to complete the Exit Counseling session.

Graduation Requirements

Students must have completed all required and contracted hours, required Saturday hours, passed all exams and tests, completed all required MPA's, completed all required graduation paperwork including exit interview and counseling, and satisfied all financial obligations with the school before a diploma is awarded. Please review anticipated graduation date with instructor and Admissions Department as your Contract End Date approaches. Individual dates will vary based on attendance. Any over-contract charges or fees must be paid prior to graduation or payment arrangements must be made.

Copyrighted Material

L'esprit Academy does not condone and will not tolerate the unauthorized copying, downloading, publishing, distribution or use of copyrighted material. Students who engage in illegal downloading or unauthorized distribution of copyright materials using the schools information systems will receive an advisement up to and including dismissal from L'esprit Academy. L'esprit Academy imposed sanctions are additional to any legal actions taken by local, state or federal authorities. 18 U.S.C. § 2319 provides for the following legal sanctions.

Students engaging in any form of Academic Dishonesty will be disciplined appropriately. An Incident Report must be completed and filed.

Concerns, Issues or Complaints

Anyone can bring a concern to the institution's attention. A concern, issue or question is not a formal complaint but an effort to show something is a matter of interest or importance to someone, requiring clarification, special attention, or adjustment by the institution. A student issue form is available at the front desk, administrative or educator office, or online. The form will be directed to the appropriate department to handle the concern, for example, financial aid, business office, education or administration. Anyone, student, teacher or interested party may file a complaint against the school. The complaint must be in writing to the school

owner or directors. A complaint form is available at the front desk or on lespritacademy.com. The complainant must outline the allegation or nature of complaint in detail. A school representative will meet with the complainant within 10 days of receipt of the written complaint. If the problem cannot be resolved after initial evaluation, the complaint will be forwarded to the school's complaint committee, which is comprised of three members from the school (owner, directors, administrators, or instructors), public or student body. The committee will meet within 21 days of receipt of complaint to review the allegations.

If additional information is required of the complainant, the committee will make that request in writing outlining the need. If the review was complete by the committee, the group will act upon the allegations with an appropriate, agreed upon solution.

A letter to the complainant will be sent within 15 days of the review that outlines the actions taken to rectify the situation, or information to show the allegations were false. If the complainant wishes to pursue the matter further, contact the agencies below.
